### Step 3: Click on Add app

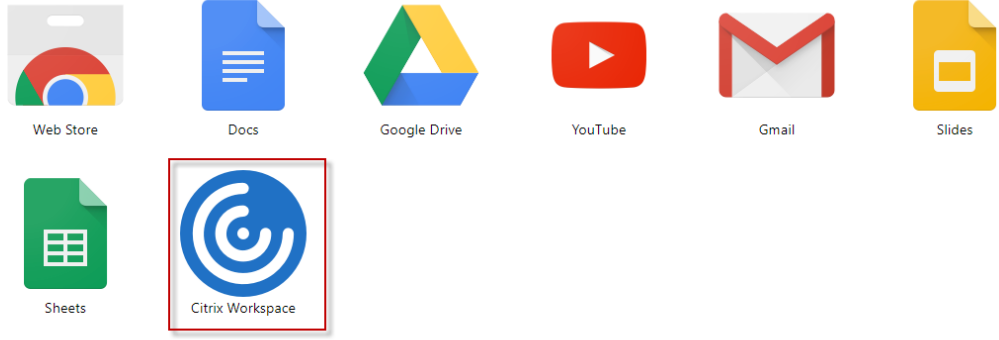

### Step 4: Close and launch Chrome again, click on Apps

## Step 5: Click on Citrix Workspace

Chrome | chrome://apps

**Step 6:** Enter corresponding Site URL

**SMH**

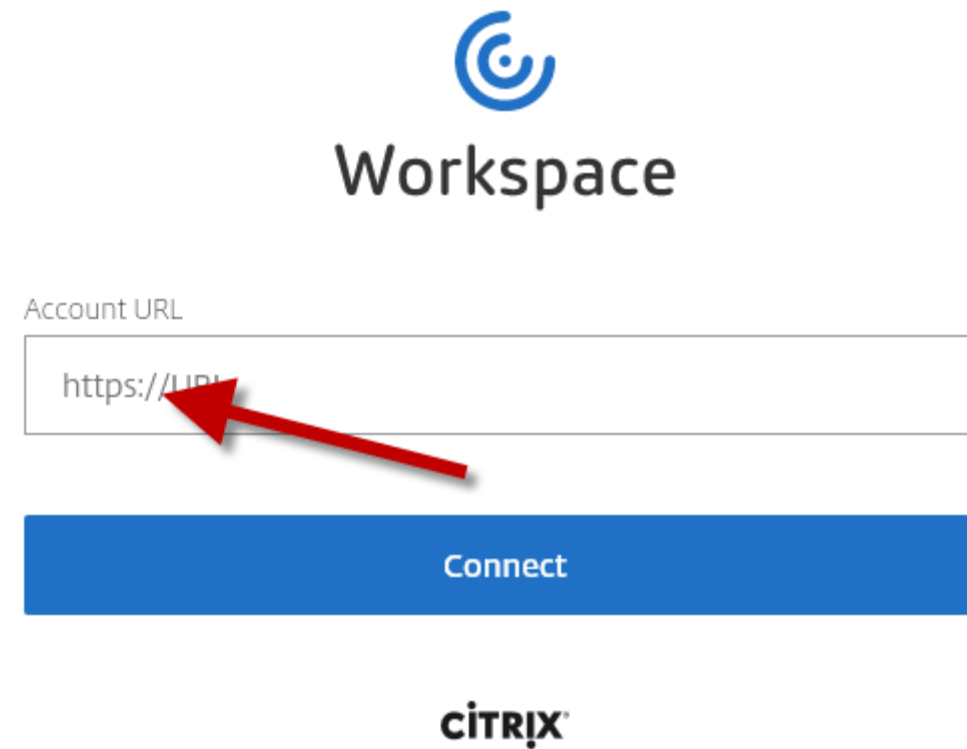

<https://angel.smh.ca>

**SJHC**

<https://remote.stjoe.on.ca>

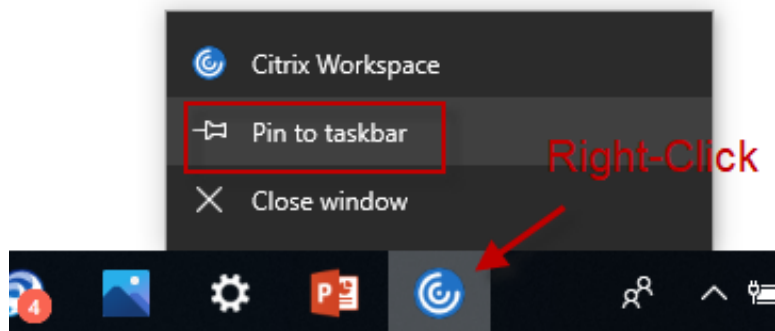

**PHC**

<https://citrix.unityhealth.to>

The screenshot shows the Citrix Workspace login interface. At the top center is the Citrix logo (a blue circle with three curved lines) and the word "Workspace" in a large, dark font. Below this is a text input field labeled "Account URL" in a small, grey font. The input field contains the text "https://URL" and has a red arrow pointing to it from the right. Below the input field is a large blue button with the word "Connect" in white text. At the bottom center of the interface is the Citrix logo in a bold, black font.

### Step 7: Pin to Taskbar for easy access

### Step 8: Click to launch and Login
