

FortiToken Quick Start Guide (Android)

For Remote Access to applications like Fortiportal (Intranet, Webmail) and Citrix (Applications), please follow Steps 1-3 below to install and use FortiToken Mobile. Please ensure that you use a PC and Smartphone for each of these steps.

Step 1: Download and Install FortiToken

- a) To Begin, please open the Google Play Store on your Mobile Phone.

- b) Search for “**FortiToken Mobile**” in the Play Store and select Install (Circled in Red) onto your device.

- c) After Installation, open the **FortiToken Mobile** Application on your phone.

Step 2: Registering FortiToken to your Smartphone

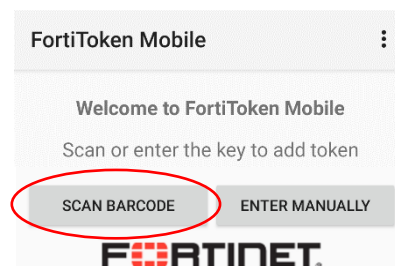

- d) You should have received an email from fortiauthenticator@unityhealth.to
- e) Open the Email from your PC. The Email should look like the image below.

- f) Attached to the email is an image file of a QR code (Example shown below). Download this file onto your computer and open it, as it will be required next.

- g) Open the **FortiToken Mobile** app on your phone. Select “**SCAN BARCODE**” (Circled in Red) and Scan the QR Code you downloaded and opened. The registration is now complete.

Please Note: The QR Code will expire in 1 week upon receiving the email. If you need another QR Code, please contact Helpdesk

Step 3: Using FortiToken for Remote Access to OWA or Citrix

- h) To access OWA or the Intranet remotely, please go to <https://fortiportal.unityhealth.to>. It is recommended that users access the site through Google Chrome or Microsoft Edge.
- i) Please Enter your username and password based on your site (see below for example) and select **login**. The system will then ask for the **6 Digit FortiToken Code**.

- j) To find the FortiToken Code, open the **FortiToken Mobile App**  and enter the 6 Digit code as shown below.

- k) To access a specific app within the FortiPortal, select the appropriate icon.
